Leadership , Collaboration ,Adaptability,Time Management

PROFESSIONAL EXPERIENCE

CloudFort Technologies And Consultancy

- Completed a 6-month internship focusing on full-stack development using the MERN stack.
- Developed and optimized web applications by integrating MongoDB for efficient data management and creating RESTful APIs with Express.js and Node.js.

Logilite Pvt. Ltd.

- Conducted a 4-month internship, applying SEO best practices to improve website rankings and visibility.
- Analyzed site structure, performed keyword research, and implemented on-page and off-page optimization techniques.

PROJECTS

• Shoppers Hub ([Link](#) / [Github](#))

Developed a responsive e-commerce website using React and Redux Toolkit with a user-friendly cart functionality. Integrated a cart option, allowing users to add products by clicking an "Add to Cart" button, with seamless state management to ensure efficient data handling.

• Social Media Video Downloader ([Link](#) / [Github](#))

Created a webapplication using React and Tailwind css and RapidAPI to enable video downloads from platforms like Instagram and Facebook. Utilized RapidAPI to access and manage social media APIs, ensuring seamless video retrieval and user experience

Academic Achievement

Developed a College Feedback System using PHP to streamline student feedback collection and analysis, improving the overall educational experience.
